Add an ICE Edge to your portfolio!

[Infrastructure | Consumption | Export]

India is going through the new and remarkable 'ICE Age' i.e. Infrastructure, Consumption and Export sector boom. By 2030, India's Infrastructure spends are expected to be \$ 1.7 trillion, which is twice the previous 7 years*. At the same time, 77 million households are expected to enter upper income category, and which is likely to push India's consumption*. And add to this India has aspiration to take its Export to \$ 2 trillion*. This kind of unprecedented set up for these three themes is likely to help register strong growth over the years. So having this 'ICE Edge' on your side may help you gain access to potential opportunities over a long term.

HSBC Mutual Fund offers three different thematic funds with quality portfolios that focus on these three themes i.e. Infra, Consumption and Export.

HSBC Infrastructure Fund

(An open-ended equity Scheme following Infrastructure theme)

Why Invest?

- To create potential wealth over a long-term from the infrastructure growth in India
- Substantial investment still required to boost India's infrastructure across multiple areas leading to attractive investment opportunities
- A top down and bottom-up approach will be used to invest in equity and equity related instruments

Portfolio Positioning

- It is a thematic fund which primarily invests in Infrastructure companies
- It's a flexi-cap strategy with a flexibility to invest across the market capitalization spectrum
- Fund looks at the business cycles and positions in a combination of secular growth and cyclical opportunities

Investment Philosophy

- Follows a comprehensive equity investment philosophy which takes into account profitability of the companies in addition to their respective valuations and cash flow generation capability
- Gauges the impact of government initiatives and policies on infrastructure related industries and stocks
- Invests in themes that play an important role in and/or benefit from India's infrastructure development

The Fund/portfolio may or may not have any existing / future position in these sector(s)/stock(s)/issuer(s). # Sonal Gupta is dedicated fund manager for investments in foreign securities by all the schemes of HSBC Asset Management; Data as of 30 Sep 2024. HSBC Consumption Fund

(An open ended equity scheme following consumption theme)

Portfolio positioning

- The fund is an actively managed portfolio of companies engaged in consumption and consumption related theme.
- The fund's portfolio overlap with the benchmark is 40%
- Only 13 stocks out of 46 stocks in the portfolio are part of benchmark – higher Active management
- HSBC Consumption fund will aim to capture strong underlying growth themes / trends in the country

Why Invest?

Rural recovery – for mass discretionary consumption. Better crop harvest beneficial for income perspective
Moderate Inflation in Global commodities in some pockets (Palm Oil, Gold) – price led growth is coming back
Channel inventory at normal levels and as demand picks up, could see better primary sales growth
Certain themes doing well -Jewellery, Value retail, Alcohol, White goods, Hotels & some at cusp of seeing growth again from Q3
Seeing trends of bottoming out in QSR, Footwear, Innerwear, Luggage, Building materials
Immune to war-like situation, low impact of Currency movement, Rate cuts will help but not dependent on it – Domestic Consumption theme intact
India is favorably positioned due to its demographics, formalisation of economy, increased women participation in workforce, etc.
